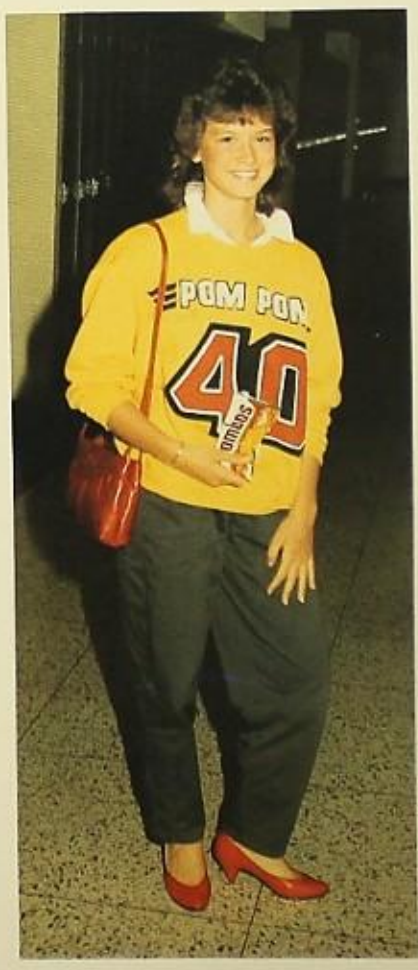
. . . what we wear . . .



What to wear?

NO ONE KNOWS THE REASONS, BUT THE TRENDSETTERS SEEM TO KNOW THE RULES

6:00 am. The alarm goes off and hundreds of Guilderland High School students begin to scramble about. After breakfast and a quick shower, they are faced with the biggest decision of the day. What to wear?

Guilderland teenagers, along with their counterparts across the country, are far more style conscious today than they were 5 or 10 years ago. One reason is that they have more money to spend than ever before. Last year teenagers spent over 30 billion dollars of their own money on clothes.

The scene at Guilderland High School is one of individuality. Whether it's Reebok, Etonic, New Balance, or Nike, it was seen at our school this year. Stirrup pants, sweatpants, and slacks have also become prevalent throughout our school.

The watch — a Swatch, naturally, should be worn loosely around the wrist, never snug. Socks should be worn pushed down around the ankles, never pulled up. Sneakers should be worn loosely, never tied, but tight enough to stay on your feet.

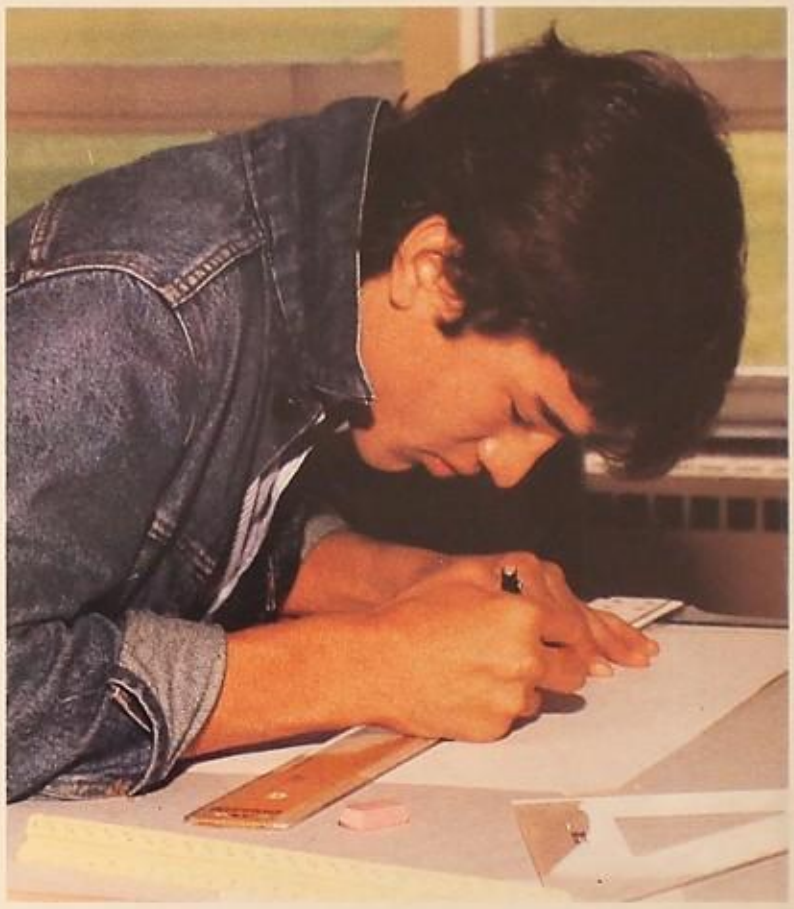
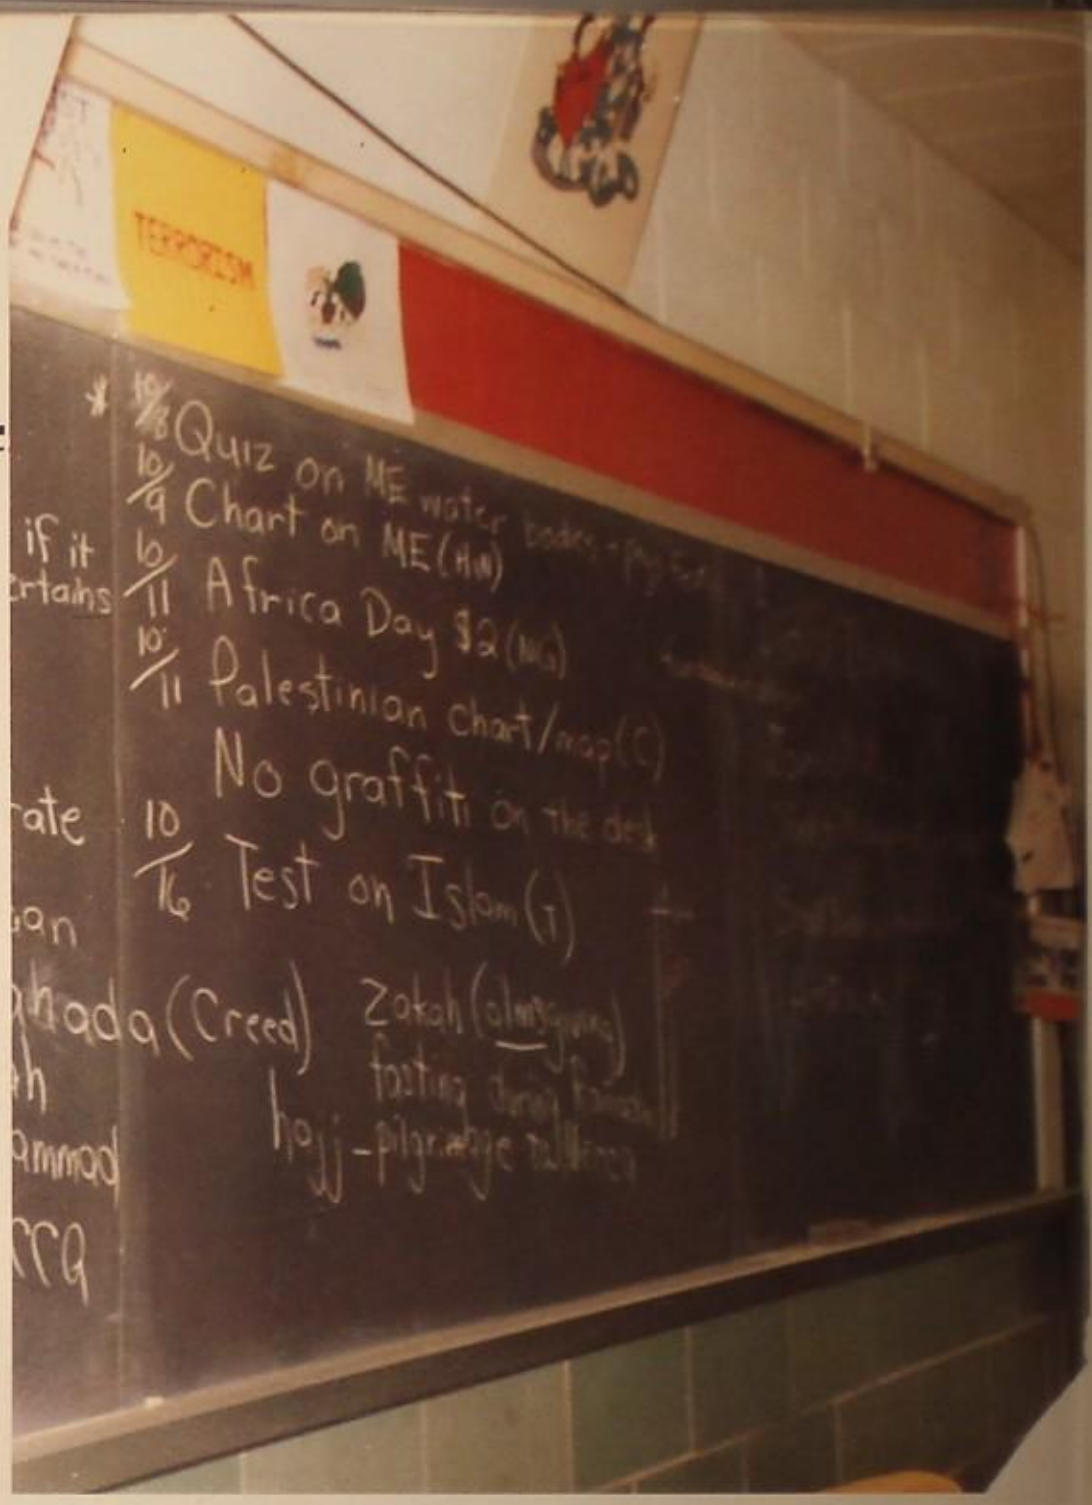
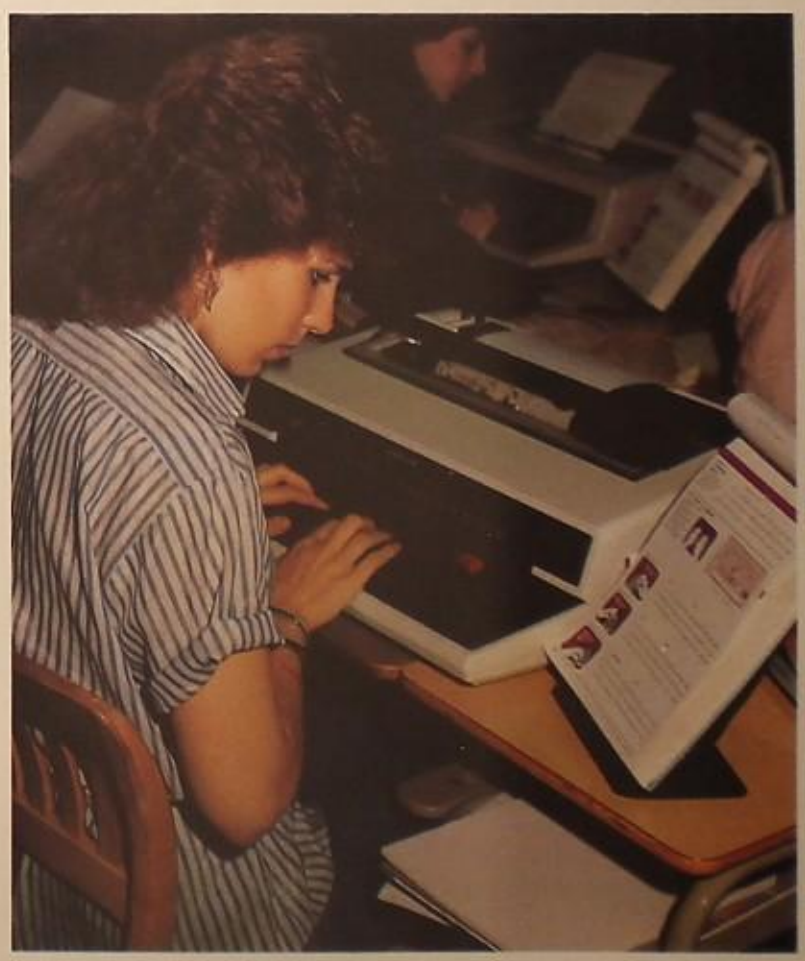
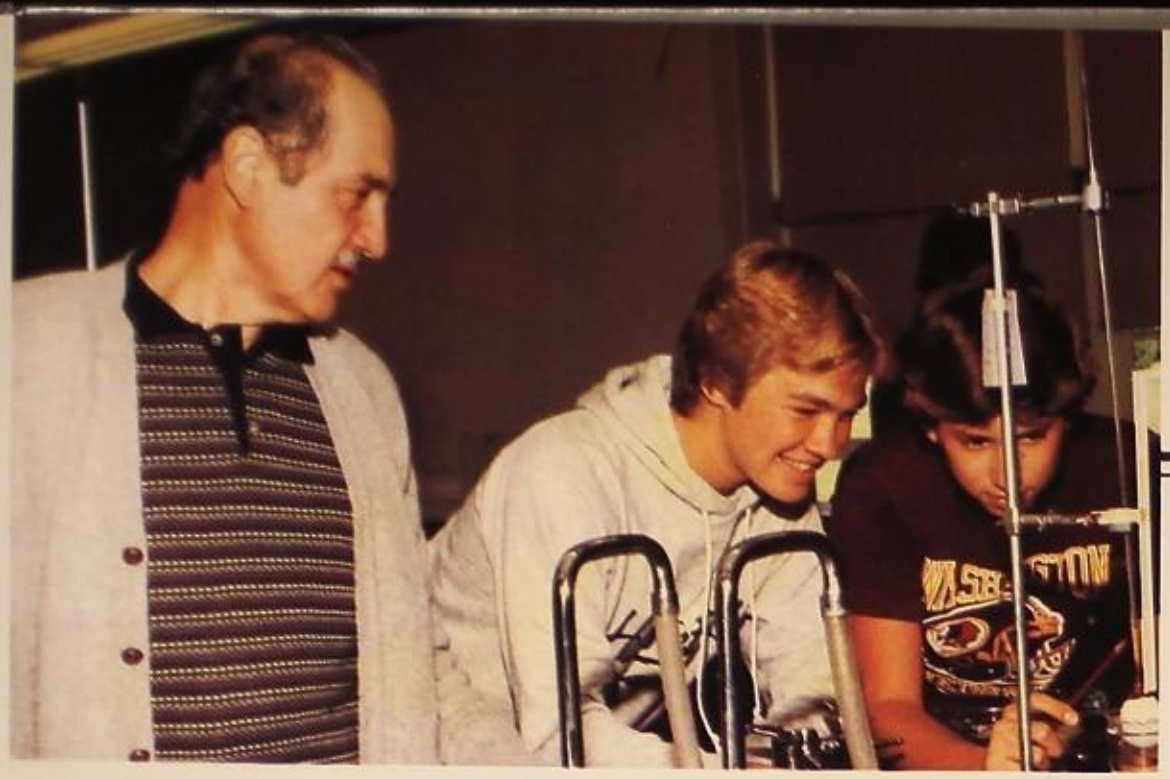
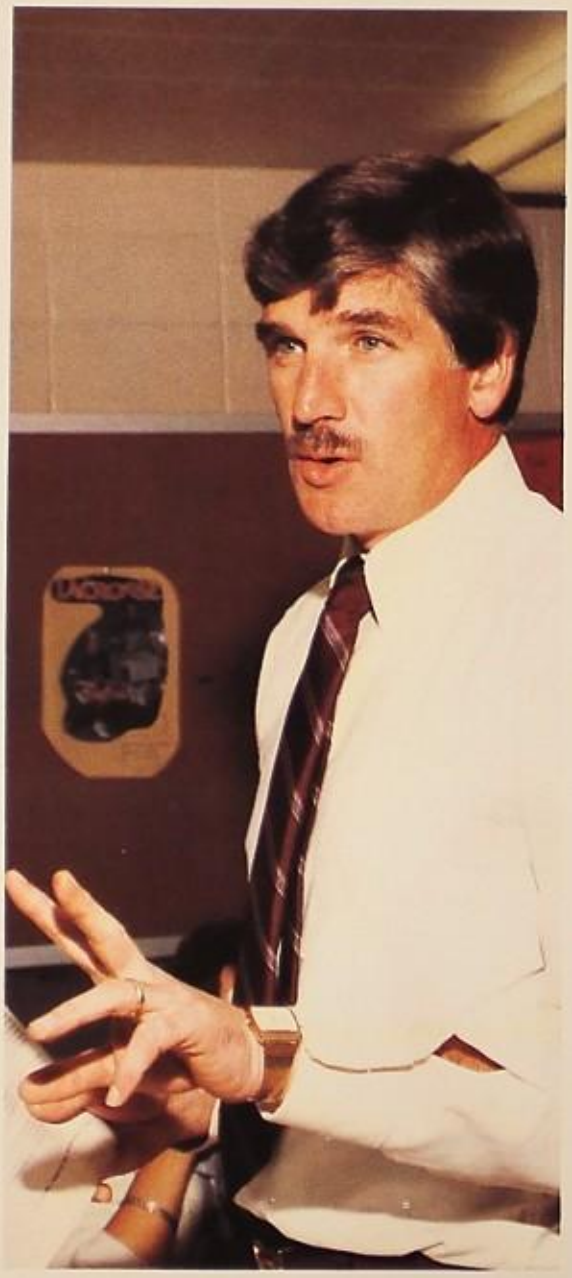
. . . . . and our daily academics.











Most accomplishments described as being "great" have been the result of hard, dedicated work by those who have set goals for themselves and held to them. A "great" school doesn't just happen; it results from many years of accomplishment in all areas — curricular and extracurricular by many who consider the goal a result worth the sacrifice, work, and commitment.

HASSLES

By Becky Ott '86

Students at Guilderland deal with many hassles during their school days. Just trying to enter the lunch room or going to a locker can be a major event. The list of hassles goes on . . . . . .

"Do you have a pass?" That infamous pass, the one you never have when the hall monitors demand it. They can make trying to quickly drink or slipping into the bathroom turn out to be time-consuming hassle. Students resent this restriction and consider it an unnecessary hassle to have to procure a pass for the short -turn necessities.

"Can I see your I.D.?" Every hungry student hears this everyday while waiting outside the lunchroom door to be admitted. The long wait to get in and then another to get your food leaves a limited amount of time to actually eat. The whole ordeal is a major complaint from students. Our minds tell us the correct time to eat, but our stomach's don't.

These are all characteristics that all students have had to deal with five days per week for the past four years, and have become accustomed to. They're nuisances, that's all. When we look back later we probably won't remember these; only the good will hold places in our memories.

Becky Ott
My Dearest Becky,
I send a very special LOVE to you on this day, your graduation day. I thank you for all the good times and the way you gave of yourself. I thank you for all the bad times, with these we grew together. I wish for you all the best that life holds. Stay honest and loving.
Luv ya,
Your Mom

Sean Billingsley
To Our Son,
It has been said the two greatest gifts to a child are roots and wings.
Your roots are embedded in a mixture of love, enriched by laughter and tears, joys and sorrows.
Your wings are ready and strong, because they are formed by your individual spirit.
May they enable you to reach your dreams.
Congratulations.
Mom and Dad

Matt VanKampen
Dear Matt
These last few years have been both delightful and at times disappointing but they have never been dull.

FOREIGN LANGUAGE

The Foreign Language Dept. this year was aiming to stress the more aural-oral approach in order to fit in with the new requirements set by the New York Regents Action plan. This year the dept. was able to use a VCR and an Atari computer. The new equipment took the ho-hum out of regular text book learning. The courses offered this year were French, Spanish, German, Italian, and General Latin. This year the department received the James E. Allen Distinguished Foreign Language Program Award. The award is given to a high school in each of the ten regions of the state who are recognized for their program based on student enrollment, success in local and state exams, participation in local and state meetings, variety and the number of courses offered, plus the use of computers and good articulation.

There were many students who received awards for their performance in their languages. Lisa Grumet, Daniel O'Neil, Myrna and Myrta Charles scored in the top 10 in the national French Test in the Hudson Valley Region. Joseph Lynch scored a 100 in the Spanish Comprehensive Regents exam. All the students who took the Regents in Foreign Language passed the exam; 126/126.

Mr. Guiseppe Duda has joined our school's Foreign Language Department.

Teachers in this year's department include Frank Cicero, Wendy Coon, William Drake, Giuseppe Duca, Eberhard Fuchs, Peter Keyoskey, Mary Landrio, Nancy Ryan, and Ellen Carruthers.

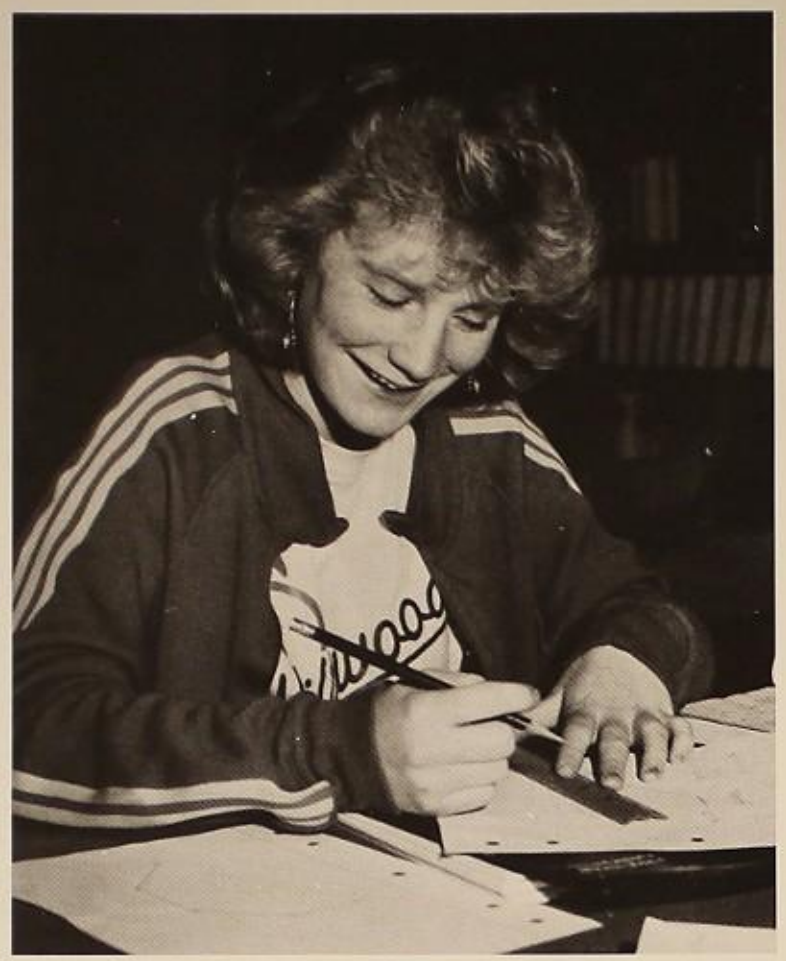
MATHEMATICS



Mathmatics, an endless barrage of x's, y's, sin's, and cos's. Every day students of our school trudge to their math classes. For some math is a breeze for others it is the hardest thing that they will encounter.

This year the computer mathematics curriculum was revised to better meet the needs of the students. The development of mathematical skills and concepts continues to be the primary emphasis in math classes as well as the ability to successfully solve the problems. At the present time there is a national emphasis on problem solving and strategies that could be used.

This year "Consumer Mathematics" is a new course that has been developed by the department to help students meet the new requirements of 2 units of math for graduation. It is being offered for the first time this year.

Thomas Farrelly is the newest addition to the school's math department. He is replacing Robert Williams who retired in June of 1985.

SCIENCE

Science, often a confusing and thought provoking course. It is filled with laws and theories of men that are dead and gone. But Science does give us an insight into nature and how it works.

This year a popular course, Research Biology, was continued by Mr. Zacharias. There was new equipment purchased this year, and next year there are hopes for additional laboratory facilities. Two new courses are being offered "Animals and Life," and "Wildflife Inquiry through Zoo Education" (W.I.Z.E.), which are being taught by Mr. Snyder. The culminating feature about W.I.Z.E is that they are going to take a trip to the Bronx Zoo at the end of the year. Mr. Snyder has also developed a plant study course to go with the "Animals and Life" course. Other new and exciting Science courses are going to be offered next year.

Principal's Message

Dear Class of 1986,

You have reached the end of a chapter in the book about your life. The chapter represents the 12 or 13 years you have dedicated to learning and growing so as to obtain a high school diploma. I hope that your diploma represents a great past as well as an entry ticket to your future.

The next chapter of your life depends solely on you. Decisions from now on will be harder and more complex. There are so many choices to make! Your own interests and desires can be cultivated. Reach for the best — never settle for less than that!

As you march in the recessional at graduation, I hope that you remember some super times. I hope that you have learned enough to make you want to learn more. You have worked for the best. Keep working.

Best wishes to you. May the chapters of your life bring you happiness.

Congratulations,

Debbie N. Pepin

You are my beloved friend
A beautiful smile
resounding my delight.

When my life is full
of happiness,
A tender heart to help.
When darkness comes my way,
An extended hand to guide me
throughout the darkest day.

A meeting of two minds
as they reflect upon a thought,
A sharing of fond memories
together times have brought.

I am a kind of person
Who needs a friend like you.
You make this life so special
With the thoughtful things you do.

I am very lucky to have found
A special friend in you;
Thank you for being
My Most Beloved Friend.

A GREAT FRIEND

Life seems so wonderful when you're happy and everything is going great, and then when it's least expected, you loose a good friend. Someone who you could always lean on, someone who you trust your deepest secrets to, someone who is always able to make you smile.

Then you wonder about things like, "Why him, and not me?" Then just as you start to feel that life really doesn't mean as much any more, everyone starts to remember the "good times", the times at the park, the times you laughed for hours on end. You remember times when he turned everything around to make things better.

When you pass by people in the halls and hear them mention his name, it makes you feel good inside to know that you can smile and say, "Yeah, I knew Johnny, he was a great friend!"

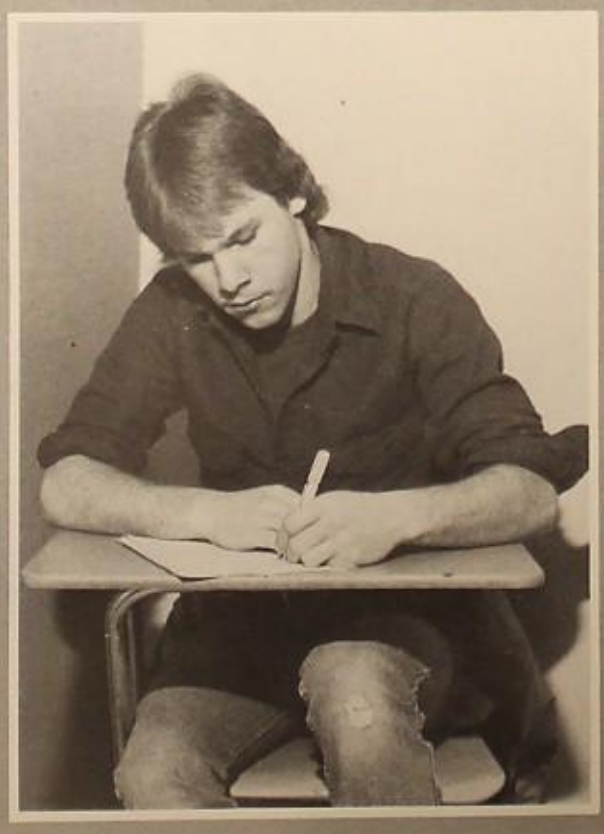
SPECIAL PROGRAMS



VO-TEC PROGRAMS

The Albany Vo-Tec Center is located on Watervliet-Shaker Road in Colonie. The Center provides educational programs for students from seventeen area school districts. Presently there are 700 students enrolled in Vo-Tec programs. Most students take two year programs and meet with the teachers daily for 2½ hours.

◄This is a terminal called Telemail. It has no memory of its own, which means it's not a computer. This terminal is connected by a phone to a mother computer in Virginia. On the Telemail we can write letters to other people that use the Telemail, and they can write back. We are able to correspond with people in Canada, England, and parts of Europe, as well as the people in the United States.

The Guilderland Schools have incorporated many of the BOCES programs in our high school. One of these programs is the Vo-Tec program that provides excellent opportunities to gain the advanced skills required for career training. BOCES also provides specialized classes for students with learning difficulties and physical restrictions. These classes are staffed by BOCES teachers, aides, and specialists who conduct classes in various rooms throughout our school. Our lives have been enriched by our contacts with the many aspects of our BOCES programs.

NEW PROGRAMS

VOLUNTEERS

A new program at Guilderland High School this year is the Community Service Program. Students involved have the opportunity to earn elective credit by volunteering either in the community or in school.

Students have volunteered in hospitals, nursing homes, nursery, schools, and the legislature. In school students have worked in one of the special programs, tutored individual students, and helped in the offices. Special student projects have included coordinating at Toys for Tots Campaign and helping to organize H.U.G. week.

STUDENT ASSISTANCE PROGRAM

A new program at Guilderland this year is the Student Assistance Program which has been developed for students who are involved with alcohol and/or drugs. The program is designed to assist students and their families to get help with problems of chemical dependency.

Referrals are directed to a core team made up of a cross section of staff members who have been specially trained to deal with students involved with alcohol and/or drugs. Core team members may direct referred students to outside agencies for professional evaluation and/or recommend weekly attendance at self-help groups which meet at school and/or regular attendance at similar groups which meet in the community at large.

FOREIGN EXCHANGE STUDENTS

My name is Mette Kristensen. I am an EF student from Denmark. I have traveled throughout Europe, but I have never had the opportunity to actually live in another country. Living in the US and being able to spend a year as an American has been the most rewarding, enriching, and educational experience of my life. I am thankful to the many people that have made me feel welcome.

Hey! I'm Jose a foreign exchange student from Madrid, Spain. I came to the United States the 15th of August, but I came to Guilderland just a couple weeks ago. I'm living with the Fialkoff family, who I had met a couple years ago, when I stayed with them for one month in summer. I'm enjoying pretty much my stay here in the United States, there are so many things (you can do here) that I've doing here and that I would never do there in Spain. Yours is a great country I think it's going to be difficult to leave and forget this crazy year.

Jose Luis Barragan

Hi. My name is Katie Goodman, I come from Australia. I come from a town called Nowra which is about 70 miles south of Sydney. It has a population of approximately 16,000. Tourism is our main industry as Nowra is on the coast and surrounded by beautiful beaches. So far my stay in the USA has been really enjoyable. I have traveled before but have never had the experience to "live" in an another country. By doing this I have learned all about the American way of life. I have discovered America is not much different than Australia. Although there are some for example. We drive on the left hand side of the road and school is also different. The first class is at 9:00 a.m. and we finish at 3:25 p.m. Each high school includes grades 7-12 and we have 8 classes everyday and everyone has 3 breaks at the same time. I would like to thank all of those who have made my stay possible and thoroughly enjoyable.

Katie Goodman

Hi, my name is Bente Johansen and I'm from Norway. I live in Hamar, a town situated about 150 km north of Oslo which is the capital of Norway. So far I think the U.S. is a very nice country (except for all the junk food) and G.C.H.S. is great. The school I went to in Norway was a lot smaller with only 300 students. Most schools in Norway have about 300-500 students, and we have to take math, English, gym, religion, Norwegian, chemistry, biology, social studies and German or French. We call our teachers by first names and we don't have any rules about passes and notes. Neither do we have any school sports.

I like my free periods (here in G.C.H.S.) which gives me time to be with my friends, and I have met a lot of nice people that I'm really going to miss when I go back to Norway. — Bente Johansen

Hello! My name is Luis Ernesto Gonzalez but everybody calls me "Neto." I'm a Rotary Exchange student from Guadalajara, Mexico. I was born in Guadalajara and I have lived there all my life. I have always wanted to be an exchange student to the U.S. I will be here for one year. I played soccer on the varsity team. I really enjoyed being on the team and I made a lot of friends. The people here are very friendly and they helped me a lot. I really have had a good experience here and have learned a lot about other cultures and language. What I like about GCHS is that they have a lot of sports. The school here is bigger than any school in Mexico. The school I go to in Mexico has about 900 students. In my school we don't speak English at anywhere. I really enjoyed being in GCHS and I have had a lot of fun so I wish the best for the students of GCHS and the students of Guilderland.

COMPUTERS/KEYBOARDING

Computer and technology courses are an important part of Guilderland Central High School's curriculum.

Our computer and technology curriculum is divided into three areas. The math department offers courses in computer programming. Students learn how to write programs that control computer functioning. Our technology and Robotics courses cover the electronics associated with computers.

Finally, our Computer Applications course teaches students how to use a computer. We learn how to run programs, how to use word processing for writing assignments, and how to use software.

SUPA

S.U.P.A. What does it stand for? Syracuse University Project Advance. SUPA is offering eight of its college level courses, for seniors, this year. These courses are basically the same as what a Freshman at Syracuse University would take. The SUPA program is only being offered in 73 schools in New York State. It offers students the prospect of gaining high school credit along with college credits at a low cost. These courses include English, sociology, calculus, biology, physics, physiology, French, and Spanish.

PERFORMING ARTS

Orchestra

Guilderland H.S. Symphony Orchestra although listed as an academic course, is a performing group. It presents four concerts a year including a Pops Concert in February and an All-District Festival in May. In addition to concerts the Orchestra has participated in New York State School Music Association competitions, graduation, and performed several times for the NY State Legislature.

Chamber Ensemble

Chamber Ensemble provides an opportunity to eighteen advanced string players selected from over fifty strings in the Symphony Orchestra. They rehearse once a week for forty-five minutes and present two concerts a year. In addition they have participated in NYSSMA competition, accompanied the Berne-Knox Westerlo High School Choir, and performed for SUNYA's School of Education's 140th anniversary. Last year the group was honored by being chosen to perform at the NYSSMA annual convention held at the Concord Hotel. This school year we are again competing in June, and will provide entertainment for Senior Awards Night as we did last year.

WIND ENSEMBLE

Guilderland Wind Ensemble is a select band group directed by Donald Webster.

This year, in addition to performing on the annual Winter, Spring, Pops, and District Festival concerts, the Wind Ensemble presented two concerts to the elementary school students at Westmere and Lynwood in December. The ensemble performed several festive holiday selections, and a piece featuring our Dixieland Combo with the band.

SYMPHONIC BAND

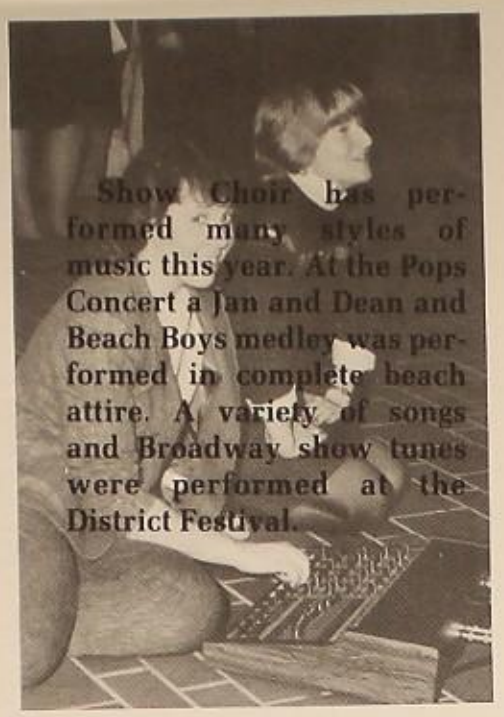
Symphonic Band directed by James Corigliano performs at all concerts including the Winter, Spring, and Fall, also the May Festival. This band of approximately 75 musicians has also presented a concert at the Middle School. Some of the works include "Fiddler On The Roof," and "Ice Castles."

CHOIR

Choir has performed many different styles of choral literature this year. Among the vocal selections performed include "When October Goes," "With a Voice of Singing," Medley from Cats (The Broadway Musical), "Aina That Good News," "Russian Picnic," "Both Sides Now." Choir performed "America, the Dream Goes On." with the Chorus and Orchestra at the District Concert. Many Choir members also participated in NYSSMA Solo Festival in June.

CHORUS

Vocal selections performed at concerts by the Chorus this year have included "All About the Blues," with soloist saxophone by Kevin Barcomb and pianist Patty Keyes, "Almost Over You," "Don't Cry Out," and "Sometimes." Chorus performed with the Concert Choir in the District Festival in May singing "I Am But A Small Voice," and "America, the Dream Goes On."



Show Choir has performed many styles of music this year. At the Pops Concert a Jan and Dean and Beach Boys medley was performed in complete beach attire. A variety of songs and Broadway show tunes were performed at the District Festival.

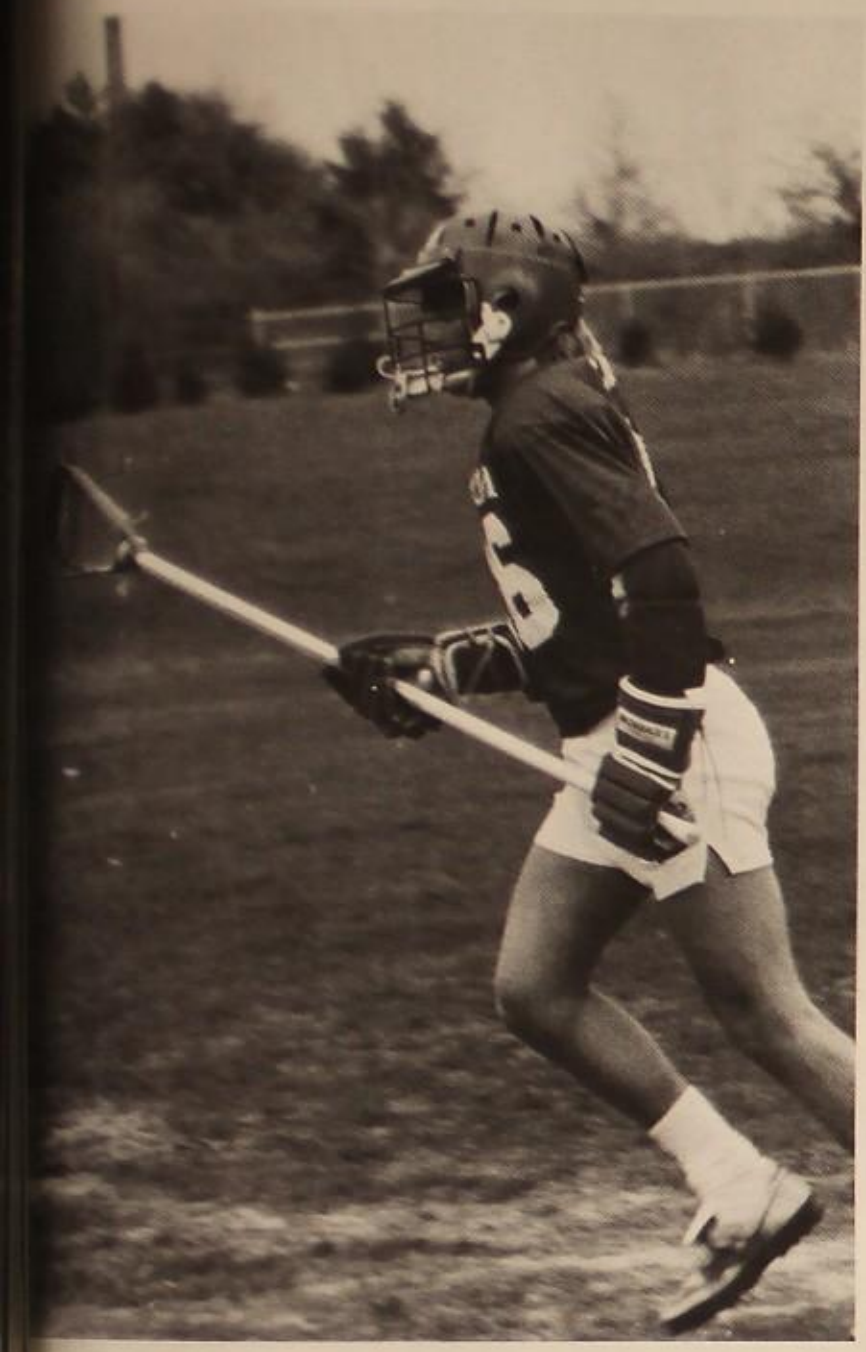
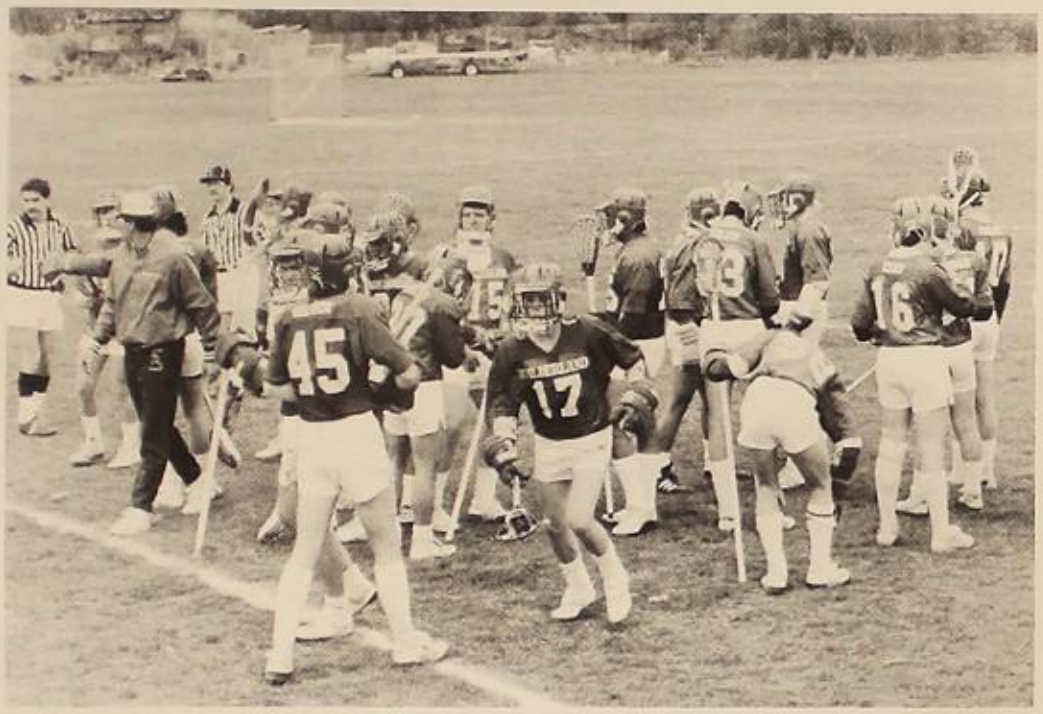
LACROSSE

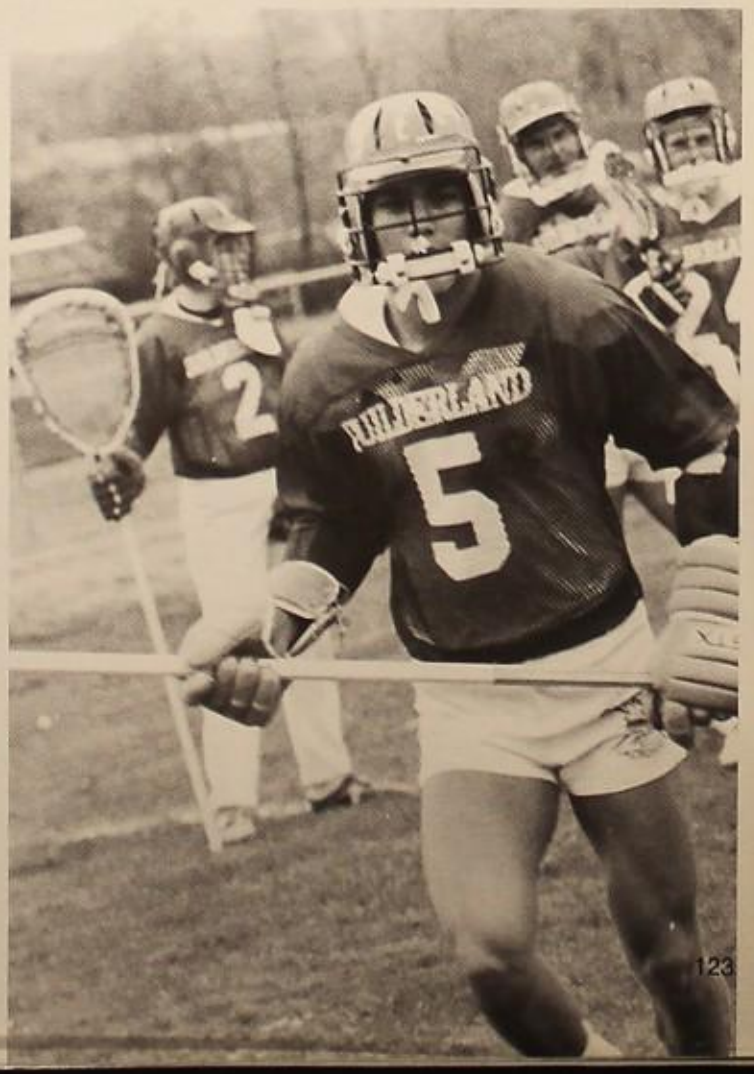


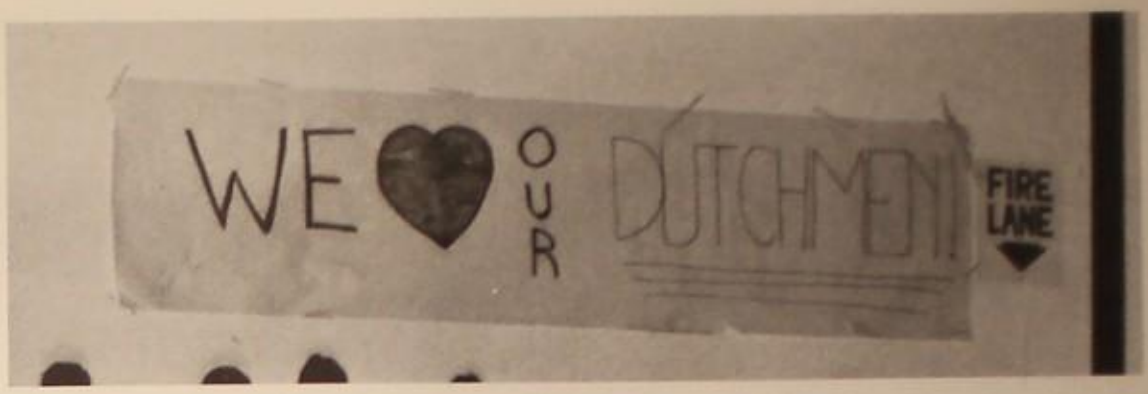
LACROSSE

1985 was a pivotal year for the Dutchman lacrosse. The record of 4-8 does not reflect the success we enjoyed. We gained in confidence as a program, we gained in numbers and most importantly we established lacrosse as the "spring thing to do."

1986 brings out 80 boys for lacrosse, all with sound fundamentals and a super attitude. We anticipate a more successful win-loss record and we will continue to build the sound foundation all successful programs have.







FANS

BASEBALL

This year's Baseball team looks very promising. There will be many returning Juniors from last year's team. Last year's team did not do so well because of a conflict with the Code of Honor, but we hope that this doesn't happen again this year.

The Guliderland Dutchmen Boy's Varsity Volleyball team looks towards a very successful season under the direction of former graduate Mike Keating. This years team has managed to defeat, at least once, each team that has stepped on the court. The team is composed of 4 seniors, 7 juniors, and 1 freshman. Volleyball is a fast growing sport at Guilderland High.

BOYS J.V. VOLLEYBALL

Top Row, Left to Right: Dennis Miller, Coach Barbara Haines, Mike Wrobleski, Scott Lassel, Pepe Prieto, Larry Lefevre.
Bottom Row: Jeff Feske, Mike Miller, Mike Van Guysling, Darren Holmes, Marc Vincent.

This year Junior Varsity team started off very well. They had a 5-0 record until two of their key players were moved up to Varsity. They did show a great effort and desire to win.

VARSITY FOOTBALL

According to Mr. Art Waugh, the coach of this year's Varsity team, the players exhibited excellent unity and superb spirit. Joe Center was cited this year's most valuable player. Other players that were cited were, Mark Houghton (Most improved), Brian Hoffman (Most spirit), and Pete Sahafi (Lineman of the year). Although this season was not as spectacular as others, Coach Waugh says to look out for next year!

JUNIOR VARSITY

This year's Junior Varsity team won five games out of their nine game season. This year's most valuable players were Andrew Bosco and Dave Shamberger. Most Improved went to Chuck McHale and Most Desire to Improve to Eric Fialkoff and Dave Wagoner. Coach Hotaling said that this year's team had a great desire to improve, especially early in the season and after the first loss, also that the wins against Burnt Hills and Columbia were the team's biggest thrill. The worst moment was when they lost to Shaker.

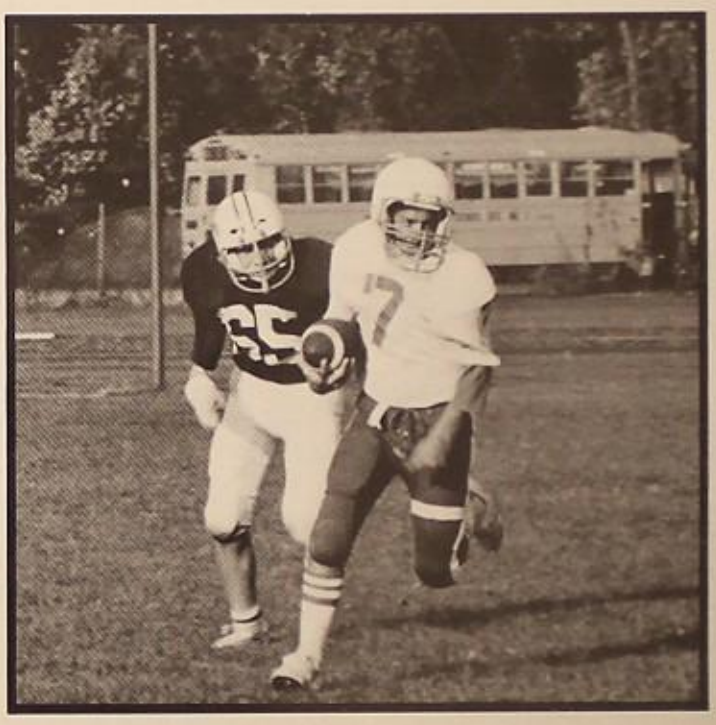
FRESHMAN FOOTBALL



This years female Guilderland Booters didn't do as well as their male counterparts, but did have an exciting season. On the average they had 15 shots on the opponents goal. They had a good defense this year, they were never beat by more then 4 goals the whole season. The biggest moment of this years season is when they beat Schenectady 10 to 0 their first game of the season. Laurie Walker, this years goalie, did a good job keeping the ball out of the goal. This year the team won 2 lost 11 and tied 4 games.

As you can tell from the above headline this year's Varsity Booters (a.k.a. Varsity Boy's Soccer) won the state's Section 2 championship. They had a total of 17 wins 3 losses and only 2 ties. This years defense was one of the best ever in Guilderlands history. (The defense consists of the fullbacks, the stopper, and the goalie.) It would have to take a virtual armageddon to score against this years defense. We don't mean to leave out the offense who also did exceptionally well. Attendance at this year's games were phenomenal. There were even large crowds at Bleeker Stadium where the Sectionals were held.

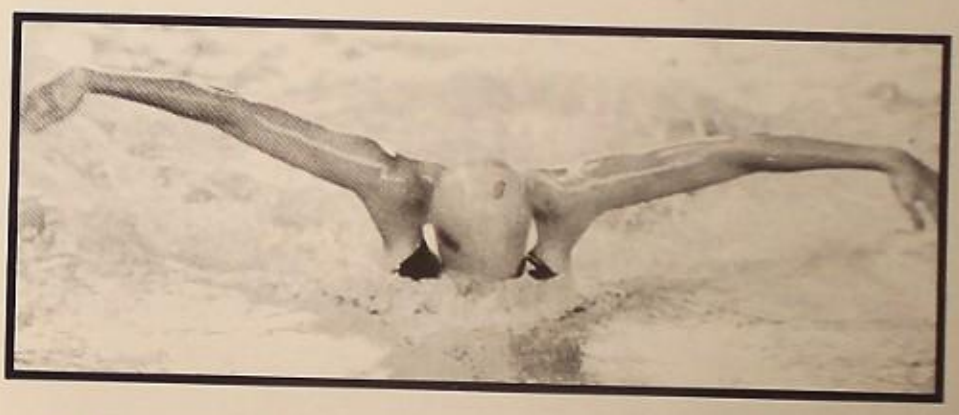
FRESHMAN SOCCER

The Boy's Freshman Soccer team. They are the future Guilderland Booters. Their season is a hard one. They play as hard as they can to gain some recognition for their achievements but normally get none. Not many attend their games, normally only the few proud parents. We hope that this year's team can be molded into the winning machine of the Guilderland Soccer program.

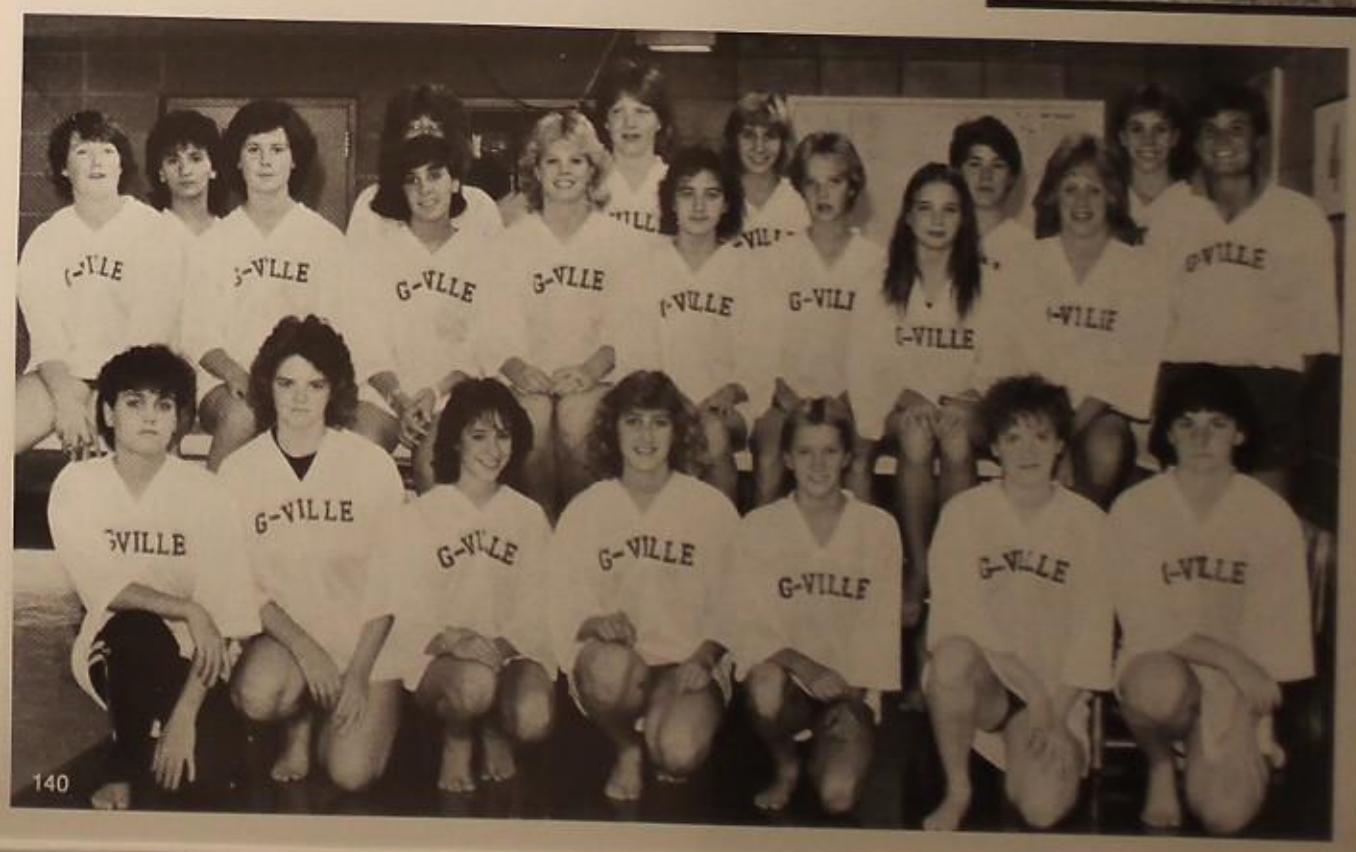
GOLF

Row 1: Jeff Burleigh, Mike Fish.
Row 2: Devin VanZadt, Scott Miller, Mike Biviano, Todd Pruzek, Dan Blagriff, Coach Spohr.

This years Golf team did exceptionally well. They had an overall of 15 wins and only 3 losses. Coach Dick Spohr said "It was a team which had depth enough to be able to replace people and not be hurt." This years Golf team placed first in the gold division of the Suburban Council. They also defeated the blue division champs. Both Mike Biviano and Mike Fish qualified to play in the state championship to be held at Cornell University in June of '86.



GIRL'S SWIM TEAM



The Guilder-Ville swim team is a combination of Guilderland and Voorheesville students in grades 9-12. They practice at the Voorheesville pool. The team had a great overall season with 7 wins and 5 losses.

This years tennis team did exceptionally well under the direction of Coach Rorick. They had a total of 30 players, and showed a "smashing" performance. This year's most valuable player was Teresa Kavanaugh. She led her team to an overall standing of 7 wins and 3 losses. They seeded number 2 in the sectionals. The highlight of the season came when they came from behind to defeat Scotia 5 to 4. Mara Berman was recognized as the most improved player while Cheryl Kline was recognized as having the best sportmanship.

Row N. 4: Jen Amigo, Alison Kaye, Jen Walker, Kim Taylor, Paige Olsen.

The Cheerleaders. They are a dedicated bunch of girls who, no matter what, are always showing their school spirit. They dread the cold and windy weather but endure otherwise. They are a dedicated crew who brave the cold, the wind, and the rain, to cheer on the vicious animals called the Boys Varsity Football Team. All of this sounds very hard and painful and it is. It wasn't until the beginning of the '85-'86 school year that Cheerleading was considered a sport. As well as cheering at the game our Cheerleaders go to competition. Over the past couple of years the Cheerleaders have won a couple of events.

This year's Girl's Volleyball team, coached by Mrs. T., put forth a noble effort. The Varsity team, consisting of excellent team players, came just short of making the sectionls. With the return of next year's very talented and enthusiastic players, the team is sure to walk away with a winning record. The Girl's Junior Varsity team worked hard in preparing for their season. Headed by Coach Haines, this team demonstrated outstanding performance.

Back: Steven Mancini, Curtis Snyder, Mark MacNeil, Lee Carman, Butch Bastiani, Dennis Dapolito, Brett Ross.

The '86 varsity basketballers have a good thing going and refuse to have it end.

"We began the season winning and now we feel we have to win," says senior off guard Mark MacNeil.

The Dutchmen are 16-3 overall and their 11-1 league record puts them two games behind Gold Division leader Burnt Hills.

To what does the team owe it's success?

Senior forward Eric Olsen says, "Coach (Tom McCarthy) saw our strong points and emphasized them in our game plan. Much credit goes to him."

This years team is just that, a team. The team has occasional stand-out performances, but no one star. They also lack height, which is important, in a game usually dominated by big men, but as Coach Tom McCarthy states, "A lack of height doesn't mean a lack of talent."

Players are proud but, a bit mystified with their success. When asked for a reason for their success senior guard Lee Carman said, "I really don't know . . . it astounds me."

"We shoot well and get along very well," says an unusually serious Ted Shelmerdine.

In reference to the quote of Eric Olsen, McCarthy gives his insight on the teams strength. "We dribble, pass, and shoot well; the basics of basketball."

He also says that he enjoys this "fun bunch of kids" who are "a pleasure to coach."

This years team has built its own expectations as compared to the division champions' 1984 team, who were expected to win from day one.

The Dutchmen have two regular season games left. The first is home game against Saratoga. The next, an important rematch, away at Burnt Hills.

No matter what the end of the season and the outcome may bring, the Dutchmen have proven themselves winners. Their record speaks for itself.

The Journal '86

J.V. BASKETBALL

This years Junior Varsity may have not done that well, but did put in a good effort. With 3 wins and 17 losses the team still pulled in some pretty hefty crowds. Steve Usher, Mike McGill, Dennis McCormick all showed outstanding performances. We hope that next year will do better.

Top: Shane Ghantt, Dennis McCormick, Mark Bonner, Mark Rikmenspoel, Mike McGill, Chris Rourke, Erik Raabe, Coach Tracz.
Bottom: Steve Usher, Steve Enides, Joe Salerno, Paul Esposito, Dave Wagoner, Kevin Green, Steve Vyce.

FROSH BASKETBALL

This years Freshman team shows a great potential for the coming year. They had an excellent season. They had both a strong offense and defense. Also there were outstanding off the board (rebound) play. We hope that they keep winning in the years to come.

Top: Mike Varney, Mike Crary, Tim McCarthy, Tim O'Hea, Jason Morton, Chris Markowski, Bill Barker, Arnel Joyner, Coach Segenberger.
Bottom: Bob Gula, Jeff McGill, Frank Cackello, Craig Levernois, Mike Fratterigo, Bill Usher, Ralph Simeone.

GIRL'S VARSITY BASKETBALL

Top Row: Coach DeMarco, Maria Stone, Kathy Kavaney, Laurie Bibbo, Lori Walker, Karen Cox, Michelle Smith.
Middle Row: Theresa Kavanaugh, Chris Wikes, Maureen Kennedy, Sandy Duell.
Bottom Row: Michelle Frisibie, Carol Bonner.

Opening their season with a 4-2 league record, the Girls Varsity hoop team would now face Burnt Hills for the rights to first place in the Suburban Council's Gold Division. Unable to defeat the Guilderland relentless defense and quick running game, Burnt Hills was never in the game. It is through those two qualities of their game that this year's club is looking to become the school's best since the days of current Georgetown star Ronda Bliey and the Suburban Council champion team of 1983.

The never-say-die attitude of the team is most evident in the co-captain and senior point guard Michelle Frisbee. She is an aggressive defender who is undoubtedly the fastest player on the team. In a man to man, she sticks fast to her opponent, and in a press, darts from player to player like a ricocheting bullet. When working the point she holds her own with her shot, but has a great eye for anyone open inside.

Senior co-captain Carol Bonner, who plays both guard and forward, plays with an incredible amount of intensity, has very good court smarts, and passes superbly.

Kathy Kavaney, a senior forward, is "Miss Consistency" or "Miss I'm Not Gonna Dazzle You, But I Ain't Gonna Let You Down Either."

The women in the middle, junior Laurie Bibbo, has a knack for getting open inside. This, with some consistency on her inside host, should eventually make her the top scorer on the team.

The final starter, sophomore guard Maria Stone, although only 5'6", may be the best rebounder on the team. She plays a radical offense, and an incredible defense.

Sophomore, Maureen Kennedy, who plays both guard and forward.

Sophomore forward Lori Walker, rebounds extremely well.

Senior forward Karen Cox, Junior guard Theresa Kavanaugh, Junior guard Sandy Duell, Junior forward Michelle Smith, Sophomore guard Chris Wykes all contributed to the team's success.

GIRL'S J.V. BASKETBALL

Once again the tremendous effort of the girls team proved successful. Their spirit and vigor carried them throughout the season, and they will someday make a super Varsity team.

GYMNASTICS

Coached by Mark McDonald, the Guilderland Gymnastics team celebrated an impressive season. Stephanie Sholtes succeeded in setting a new section two record of 35.00 all-around. Laura Tice and Janine Opatkiowicz, both seniors, had an outstanding season. We hope to see the return of Tracy Fitzgerald and Anne Fassett along with an array of new faces whose contributions to the team helped lead them to victory.

VARSITY CHEERLEADING

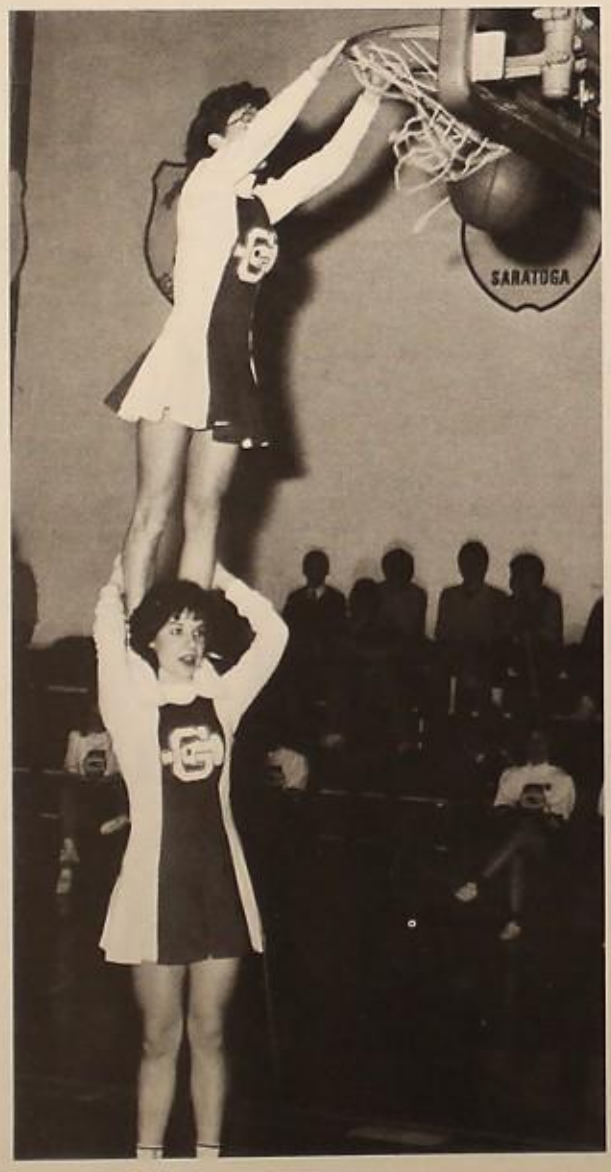
Many people do not realize or appreciate the amount of work that goes into being a cheerleader. This fine group of talented girls practice close to three hours a day to be sure they are in top form for the upcoming game. They are also responsible for knowing many cheers, which they must execute properly in synchronization with the other cheerleaders. In addition to this, they must learn time-out cheers and smile cheerfully as people climb on and over their backs to make pyramids and other bizzare formations. In addition to leading cheers this well rounded group did other things as well. They make posters encouraging the player to win. Our Cheerleaders also went to competitions. In the Saratoga Competition they placed second overall, and at the Siena Competition they placed third. The Cheerleaders do all of this voluntarily. These girls are faithful to their commitments and work as hard as any of the other athletes. They get pulled muscles from jumping and doing splits, and strained voices from screaming to cheer our teams on. So, the next time you go to a basketball (or Football) game and you see our picture perfect cheerleaders standing out there cheering effortlessly, stop and think, they really do work hard to support our team and they do deserve our respect.



J.V. CHEERLEADING

This year Junior Varsity Cheerleaders were a great boost for school spirit. Not only did they give a first class performance at every game, but they also traveled to competitions, and brought home some awards. At the Siena Competition they took home third place overall.

DEBATE CLUB

The Mock Trial Team, formerly known as the Debate Club, is composed of seniors. The team engages in state-sponsored Mock Trials against area schools. During the Competitive season from December to March, the team meets once or twice a week. Last year's team, made up of this year's members, reached a pinnacle by attending sectional finals. The team hopes to repeat this achievement.

Sceptre Service

The members of this year's Sceptre Service have been the most active and involved group in many years. This all girl's community service club has provided services for the high school and the community at large. Our activities this year have included: a Halloween visit to Children's ward of the Albany Medical Center Hospital; Thanksgiving food servcies for the needy; distribution of toys and clothes for needy children at Christmas; helping to teach the mentally handicapped within our school basic skills; running the annual blood mobile; and much more! The members have served the community and have received the benefits of friendship and warm memories.

WARGAMERS

Led by the iron fisted Mr. Parmenter, the youths in this club have dedicated themselves to enjoy; to game. The Prime Direction of Gaming is to experiment with destiny through Sci-Fi, historical and dice-based simulations. Rod Serling had nothing on this bunch.

RACQUETBALL

Racquetball is an intramural sport. The Schenectady Racquet Club offers the use of their courts and the school provides transportation for the players. The students can sign up for a 10 week period with Mrs. Ricci or Coach Wyld. During play time, students can compete with the same set of people or rotate and play with others in the club. This rotation gives each player a chance to learn different types of techniques. Several of the players have joined other clubs to play in "ladders" or "Round Robins" to gain experience. Some have also played in local tournaments competing against a more "mature" opponent.

KEY CLUB

KEY CLUB

Key Club is a high school organization dedicated to serving the community. Meetings are held every Tuesday night at 7:30 p.m., in the West LGI. Lauri Spargo, Thomas Stone, co-president; Mary Vottis, vice-president; Dave Lamitie, secretary; and Margaret Barr, treasurer. We raised money with the CROP walk, we've ushered school events, we plan to have fundraisers for Leukemia, the Arthritis Foundation, and the March of Dimes. In addition, the Muscular Dystrophy Superdance is a big project of ours. There are one hundred and five members in Key Club, ranging from freshmen to seniors.

JAZZ ENSEMBLE

The jazz ensemble, a musical organization of this school, performs Big Band Jazz music at area concerts. The band, meeting Monday evenings at the high school is planning a 1986 capital district Jazz Festival at which community members will view the band's accomplishments. One band member, Chris Meagley was honored with membership in the New York Conference All-State Jazz Ensemble. This ensemble is composed of the best musicians in the state.

MEDIA CLUB

The Journal

The producers of *The Journal*, headed by editor-in-chief, Eric Fialkoff, are constantly working to keep the school community aware of activities in the district. The monthly journal requires constant, daily work by its members to produce the high quality paper that is expected. Last year, *The Journal* was singled out for its excellence by the Amherst Newspaper conference. *The Journal* participants of this year, hope to surpass this achievement.

The Troubador

The Troubador is a literary magazine which represents some high quality literature composed by the students of the school. Every week or two, the members of this club, headed by Shafer Mahoney, meet to discuss and review the works which will be included in one of the two magazines produced a year. Vanessa Keitel, a member of *The Troubador* staff, received a letter of commendation from the National Council of Teachers of English for a story published in the magazine. This commendation is only one of eight-hundred such awards given nationally.

RIDING CLUB

The Riding Club is for those students who have an interest and a desire to learn the proper skills both for recreational as well as competitive riding. Students are taught about the care and handling of horses as well as the correct skills of riding. The club meets every Thursday at 3:00 pm at Bally Bay Stables. Students receive a one hour lesson each week. Many students go on to compete in local horse shows in the area.

SKI CLUB

German Club

The Guilderland German Club has been around forever it seems. Started in 1977 by Eberhard Fuchs and a handful of German 3 and 4 students it has become a common name in the German classes. The club with a little bit of caring and a lot of fun learns about the culture of their founding country, Germany. Films, trips, and speakers are just some of the ways Germany becomes known to them. But it seems the one who keeps this group together is Eberhard Fuchs, affectionately known as Fuchs to his German Classes.

Honor Society

The Tawwasenthan Chapter of The National Honor Society inducted sixty-four students in a ceremony in December, 1985. Group activities for 1986 included organization and implementation of H.U.G. week and the 9th grade orientation day.

Tawasenthan Staff Produces Ultimate Yearbook

With editor Brian Uhlin and advisor Mr. Keyosky and Mrs. Vail, the yearbook staff has come a long way in producing the '85-'86 Tawasenthan.
With the help of Taylor Publishing Company and representative Amy Devine, the staff has worked together after school and during the free time to meet its frequent deadlines.
The executive staff has put a tremendous amount of time, effort, and hard work to produce a successful yearbook.

CAPTAIN GUILDERLAND

Among many other things, 1986 witnessed the rebirth of Guilderland's most remembered hero Captain Guilderland. This mysterious figure has been the living personification of school spirit at Guilderland High School. The Captain has made numerous appearances throughout the year. But what can be said about Guilderland's greatest hero? Where's he from? Who is he? And most of all will he return in the years to follow?
